Welcome to Arike Day Care Nurses Bulletin! Within these pages, we unveil the significance of our endeavors, highlighting the positive impact they generate in our community. Your ongoing support propels our journey of empathy and empowerment. We couldn't do it without you. Thank you for being a part of our mission!

Empowering Lives: Buimerc India Foundation's Compassionate Mission

Buimerc India Foundation's core concept of making the world a better place for all living beings – physically, mentally, and spiritually is in tandem with the core principles of palliative care. It is no surprise therefore that in addition to other CSR projects, Buimerc India Foundation has also made efforts in addressing the healthcare needs of those with serious health related suffering and economically disadvantaged. They have continuously supported one of Arike's initiatives of providing 24/7 compassionate home-based care that includes medical, psychological, and social aspects of health.

Over the course of 2023, Buimerc's financial aid has helped 193 families, within Cochin Corporation, in receiving 24/7 medical attention and psychosocial care through 4109 home visits by the social work officers and clinical team of Arike. These families are often plagued with debts arising from exorbitant healthcare expenses, crippling not just the patient but other family members, too. More often than not, children end up dropping out of school and the whole family is unable to afford two meals a day, in addition to cessation of medical treatment due to financial constraints. Buimerc's assistance has enabled Arike to provide comprehensive home-based palliative care such that the whole family receives medical attention, psychosocial counselling, timely food kits and other support, allowing families to focus on what truly mattered – being together in their time of need.

As we continue to partner with Buimerc India Foundation, it has opened new avenues of growth, prompting us to seek further collaborations to meet the evolving needs of the community and in establishing a foundation of empathy and inclusivity within our community.

ACTIVITIES

Financial Assistance

Key Value Solutions Limited generously provided financial assistance for a 35-year-old female suffering from Acute Myeloid Leukemia. This patient, identified by Arike Home Care, is courageously fighting against this formidable illness. The financial support facilitated by Key Value Solutions Limited comes at a critical time, as the patient requires urgent medical interventions, including Bone Marrow Transplantation.

Volunteers' Course in Palliative Care Batch II

The second Volunteers' Course in Palliative Care (VCPC), organised by Arike Palliative Care to foster community volunteers, was held on January 13th, 2024. This initiative aimed to equip participants with essential skills and knowledge to support individuals in need of palliative care within their communities. Participants were provided with both theoretical orientation and hands-on training, including home visits, through which they gained both a deep understanding of palliative care needs and practical experience in meeting the diverse needs of patients and their families. The programme served as a testament to the growing interest and commitment towards palliative care within our community.

Palliative Care Day Observance

Palliative Care Day was observed at the Arike Home Care office in Palarivattom on 15th January with great enthusiasm. The program hosted by IMA Cochin and Arike provided an enjoyable evening for patients and their families. Senior physicians in palliative medicine, nurses, social workers, Koode activists, and members from residential associations all gathered to participate in the event. The evening was enriched with magnificent performances by the staff of Arike, as well as student volunteers from St. Albert's College and Rajagiri College of Social Sciences. In addition to performances, participants engaged in games, shared their views, and showcased their talents, making it a memorable and interactive experience for all involved.

ARIKE PALLIATIVE HOME CARE

On January 10th, an awareness class was conducted for students of St. Theresa's College, focusing on ways to support palliative patients. During the session, students were encouraged to initiate various initiatives aimed at providing assistance to individuals receiving palliative care. Discussions revolved around brainstorming different avenues through which students could contribute, including emotional support, companionship, fundraising, and raising awareness in the community.

Palliative Care Day Observance

Additionally, another session on community volunteering, as part of the Koode initiative, was held to promote active engagement and support for palliative care within the community. Led by Dr. Geetha Vijay, the session took place on January 19th, 2024, at the Karanakodam Residential

Association. Through interactive discussions and practical insights, attendees gained a deeper understanding of how their involvement could make a meaningful difference in the lives of palliative patients and their families.

Palliative Care Day Observance

Arike is delighted to welcome Dr. Unni, an empathetic and dedicated doctor, to our team. With his expertise and commitment to patient care, we are confident that he will make invaluable contributions to our mission of providing compassionate healthcare to those in need.

Support Our Cause

For the past four years, Arike Daycare Nurses have been steadfastly delivering home-based palliative care, offering support to more than 1816 patients and their families. Our commitment to this noble cause remains unwavering. However, we find ourselves grappling with financial constraints as the demand for our services continues to rise.

Your support holds the key to expanding our reach and ensuring dignified lives for those in need. We sincerely urge you to consider contributing to ARIKE, becoming a vital part of our mission to make a lasting impact on the lives of individuals requiring palliative care. Every donation, no matter the size, contributes to creating a difference. Join us in this compassionate journey, and together, let's bring comfort and solace to those facing challenging times.
