Welcome to Arike Palliative Home Care Bulletin! Within these pages, we unveil the significance of our endeavors, highlighting the positive impact they generate in our community. Your ongoing support propels our journey of empathy and empowerment. We couldn't do it without you. Thank you for being a part of our mission!

Transforming Lives Through Compassionate Care

Five-year-old X is courageously confronting a formidable foe—B Cell Acute Lymphoblastic Leukemia. This aggressive form of cancer has not only placed a tremendous physical burden on X but has also brought emotional turmoil to his family. Currently undergoing chemotherapy, prescribed by his medical team, X's journey is one of resilience and hope.

The financial strain accompanying X's treatment—including chemotherapy, necessary medications, extended hospital stays, and surgical procedures—has been overwhelming. In this challenging time, X's family turned to Arike, seeking urgent financial assistance to alleviate the mounting costs of his medical care. Their plea was straightforward and heartfelt: support to cover the expenses associated with the life-saving surgical procedure essential for X's treatment.

Arike, through the generous support of KeyValue Software System, was able to offer a lifeline. This timely financial aid has provided X's family with a glimmer of hope amid their trials. "This help has been a great relief, helping us manage the financial challenges of my son's medical treatment." expressed X's father, with his voice filled with gratitude.

We extend our deepest gratitude to KeyValue Software System for their invaluable support. Their contribution exemplifies the difference that organizations can make in the lives of those battling severe illnesses. Many others in our community face similar struggles, and the role of support is crucial.

Many patients under the home-based care of Arike have been bedridden for years, and the disease burden has impoverished even well-off families. Thanks to ongoing financial support, we have been able to provide comprehensive care for these patients, with Buimeric Group playing a crucial role in this support system. Financial aid from compassionate corporates like Buimeric Group is instrumental in providing routine care and alleviating the immense financial burden associated with the palliative care services rendered by Arike Palliative Home Care.

We encourage everyone, whether corporate entities or individuals, to join the palliative care movement with us. Through monetary contributions or volunteering, each one of us can play a part in transforming the lives of bedridden individuals around us. Together, we can create a community of care and compassion, providing hope and comfort to those who need it most.

ACTIVITIES

Doctors' Day Celebration at Arike

On July 1st, the Ernakulam Students' Initiative in Palliative Care (ESIP) celebrated Doctors' Day at Arike Palliative Home Care, Kochi with great enthusiasm and gratitude to recognize the invaluable contributions of the medical fraternity. The event aimed to honor the dedication and tireless efforts of doctors in safeguarding the health and well-being of the community.

Discussion on Palliative Care

On July 1st and 24th, 2024, the Arike team hosted a series of discussions on palliative care at the Indian Medical Association (IMA) Cochin. These sessions provided an invaluable platform for medical professionals to delve into various aspects of palliative care, guided by experienced practitioners. The Programme emphasized the importance of compassionate care and encouraged open dialogue, allowing participants to gain insights, share experiences, and receive constructive feedback. This initiative aimed to foster a culture of continuous learning and professional development within the palliative care community, ultimately enhancing the quality of care provided to patients.

Patient Get-Together: OPPAM

On July 27th, Arike, in collaboration with the Ernakulam Students' Initiative in Palliative Care (ESIP), hosted a special event titled 'OPPAM' at PJ Antony Ground, Pachalam. This Programme brought together patients facing dementia, elderly issues, and resultant social exclusion along with students from Teresa Spinelli School and community members. The event, attended by participants including patients, dedicated student volunteers, caregivers, members of the Residential Association, and other supporters, was a heartwarming success.

OPPAM aimed to cultivate empathy among students, community members, and residential associations, highlighting their roles in supporting individuals with unique needs. The programme featured cultural performances by Teresa spinelli schoolchildren, a communal lunch, interactive games, and meaningful patient experience sharing. These activities were aimed to highlight the importance of creating a safe, supportive, and inclusive environment for palliative patients, helping them build relationships, feel valued, and reconnect with their passions and sense of purpose.

The event featured a touching gift-giving ceremony and received overwhelming positive feedback.

Awareness session on Palliative Care at Vidyodaya School, Thevakkal for Students' Initiative in Palliative Care (SIP)

On July 1st, Arike along with Koode (Palliative Care Volunteers' Platform), conducted an awareness class at Vidyodaya School in Thevakkal, focusing on the need for supporting palliative care patients and their families. The session encouraged students to launch initiatives aimed at providing assistance to those receiving palliative care, fostering a spirit of compassion and community involvement among the students.

If your institution, company, residential association, or community is interested in hosting a similar awareness session, please feel free to contact Arike. We will be happy to organize it at no cost.

Doctors' Day CeVolunteers Course in Palliative Care celebration at Arike

On July 13th, Arike Palliative Care ushered in the sixth cohort of its Volunteers Course in Palliative Care (VCPC). Classes were conducted at Arike, Palarivattom and PJ Antony Hall Pachalam. This Programme is designed to equip community members with the crucial skills and knowledge needed to support those requiring palliative care.

This ongoing course offers a blend of theoretical instruction and practical experience, including home visits. This comprehensive training enables participants to thoroughly understand palliative care requirements and develop the hands-on skills necessary to meet the varied needs of patients and their families. If you are interested in participating, please contact us at +91-7034336999.

Koode Monthly Review Meeting

On July 20th, Koode volunteers convened at Arike for a review meeting. This gathering provided an opportunity for volunteers to reflect on their experiences, exchange insights, and explore ways to strengthen their support for those needing palliative care within the community. The meeting enabled volunteers to share ideas, tackle challenges, and work together on new initiatives to enhance patient and family care.

Support our Mission

As we celebrate our 5th anniversary in July 2024, we take great pleasure and relief in announcing that Arike has provided home-based palliative care to over 2543 patients and their families to date. While we remain steadfast in our mission, we are currently facing financial challenges due to the growing demand for our services. Your support is essential for us to extend our reach and continue delivering dignified care to those in need. We warmly invite you to contribute to Arike, helping us create a meaningful and lasting impact on the lives of individuals requiring palliative care.
