

Compassion in Action: Buimerc India Foundation's Visionary Support for Palliative Care

Inspired by its philosophy of comprehensive well-being, Buimerc India Foundation upholds the same compassionate values that define palliative care. Buimerc has extended generous support to Arike, enabling the delivery of 24/7 home-based palliative care to individuals with serious illnesses and their families within the Cochin Corporation. As one of the major sponsors of Arike's Sponsored Care programme, Buimerc plays a pivotal role in ensuring continuous and comprehensive support for patients in need.

Buimerc India Foundation stands apart as a visionary organization that understands the critical role of palliative care in today's healthcare landscape. Their foresight in recognizing the urgency of providing holistic, patient-centered care has been instrumental in strengthening community-based palliative services. With their support, not only has continuous medical care been ensured, but countless families have also found relief from emotional and financial distress. Many emergency situations can now be effectively managed at home, reducing unnecessary hospital visits while ensuring that patients receive timely interventions in the comfort of their surroundings. Their support has empowered Arike to expand its reach, provide comfort to the most vulnerable, and inspire new possibilities in palliative care. As we continue this journey, we remain profoundly grateful for Buimerc's dedication and look forward to forging even stronger partnerships to build a more inclusive and compassionate community.

Donate your 4 hours for Palliative patients

We invite you, as a compassionate individual, to share the gift of your time and make a profound difference in the lives of homebound individuals. By dedicating just four hours a year to volunteering, you can bring comfort, care, and connection to those who need it most. These precious hours can create moments of joy and lasting impact for patients and their families. Imagine spending time with a homebound individual, simply sharing your presence and offering a listening ear. Your kindness and compassion can provide invaluable emotional support, easing loneliness and offering a sense of connection. In just four hours, you can witness firsthand the transformative power of personalized, at-home care and the profound difference it makes in the lives of those facing challenging health circumstances. Join us in bringing warmth and support to our community – four hours can change lives!

24/7
Emergency
Home Care

Testimonial by a doctor who volunteered 4 hr of his time for home care : My wife and I had a unique and wonderful experience with Arike's home care services. As it was our first time trying home care, we had high expectations, and Arike exceeded them. The care and attention we received were exceptional, and we're now eager to continue with regular home care sessions. Interestingly, my wife is a professional beautician, and we think her skills could be a great asset to Arike's team. Perhaps she could offer grooming services to patients, enhancing their overall experience. We're looking forward to many more home care sessions with Arike!

ACTIVITIES

Sensitization at AOI Cochin, in association with CSOM

Arike had the opportunity to set up a palliative care booth during the 76th Annual National Conference (AOICON 2025) of the Association of Otolaryngologists of India, held in association with the Cochin Society of Otolaryngologists for Medical Services (CSOM) from January 9th to 12th, 2025, at Hotel Le Meridien, Kochi.

'Koode' Monthly Review Meeting

On January 11th, 2024, Koode volunteers gathered for a review meeting at Arike Conference Hall, Palarivattom to reflect on their ongoing work and discuss future initiatives. The meeting provided an opportunity to share experiences, challenges, and strategies for improving palliative care delivery.

Palliative Care Day Observance

Palliative Care Day was observed at our office in Palarivattom on 15th January with great enthusiasm. The event, jointly organized by Rajagiri College of Applied Science & Management, Ernakulam Students Initiative in Palliative Care, and Arike, offered a delightful evening for patients and their families.

Through the collaborative efforts of student volunteers, a one-day trip named 'Tata Povam' to Vallarpadam Church and Puthuvypu Beach for a sunset viewing was successfully organized, fulfilling a long cherished wish of the patients.

The evening was filled with joy as patients, bystanders, Arike staff, and student volunteers showcased their talents. Beyond entertainment, the event provided a platform for participants to engage in games, share their thoughts, and express their creativity, making it a truly memorable and interactive experience for all.

Sensitisation at IMA

On January 22nd 2025, the Arike team conducted a sensitisation session on palliative care at the Indian Medical Association (IMA) Cochin. This initiative aimed to foster a culture of continuous learning and professional development within the palliative care community, ultimately enhancing the quality of care provided to patients.

Volunteers Course in Palliative Care- Xth Batch

On January 18, Arike Palliative Care welcomed the Tenth batch of participants to its monthly Volunteers Course in Palliative Care (VCPC). This programme equips community members with essential skills and knowledge to support individuals needing palliative care. Participants receive both theoretical instruction and hands-on experience, including home visits, to develop a deep understanding and practical skills for patient care.

Join us for next month's VCPC. Call 7034336999 to register.

Food Kit Distribution

We are delighted to share that our monthly food kit distribution was a resounding success! We extend our heartfelt gratitude to our dedicated volunteers, Sreedevi, Mini, and Sarath Raj, for their invaluable contributions. Their hard work and dedication made a meaningful difference in the lives of the individuals we serve.

As we move forward, we are diligently working on the arrangements for the next month's food kit distribution, ensuring the continued success of this initiative.

Let's talk- Daily Discussion

Through daily "Let's Talk" discussions, Arike provides a platform for staff and volunteers to share best practices, learn from one another, and deepen their understanding of the needs of palliative care patients. This initiative fosters a stronger interdisciplinary team, enhances the quality of care, and ensures that each patient's unique needs are met with compassion and expertise.

To participate in discussions, please join the Google Meet link every day at 4:30 PM

Support Our Mission

We warmly encourage you to contribute to Arike, enabling us to make a meaningful and lasting difference in the lives of individuals requiring palliative care.
